

Get ready to touch, see, hear, smell, and taste what science is really all about! Students will engage in exciting, interactive, and educational hands-on activities that instill a clearer understanding of science and how it affects the world around them, all while having fun. On their way to becoming "Mad Scientists," each week students take home a different science project.

After-school programs

Movie Effects - Take the director's chair and discover how science is the star of the big screen. Create visual and sound effects just like in the movies.

Earthworks - Dig into science! See how the deep layers of the earth create our tallest mountains. Challenge your building skills against an earthquake.

All About Animals - Feathers, fins, fur & more! Explore the animal kingdom and learn about the habitats, anatomy and life cycles of your favorite creatures.

Science of Magic - Magic? No... It's science! You'll learn the secrets behind famous magic tricks that you can recreate for yourself!

Slime Time - An ooey goey chemistry class! Explore our world of polymers (nearly everything around you!), discover how to make slime, and finish with Slime Olympics.

Sonic Sounds - Make waves! Use ordinary items to make extraordinary sounds. Create an orchestra using household items and animal noises.

Fundamental Forces - Gravity... Inertia... Centripetal force... Who could ever imagine that an introduction to physics could be so much fun?

Space Phenomena - Explore phenomenal events in our night sky! See how meteors create craters by creating your own craters!

**This is just a sample of some of the topics we will cover. Topics are subject to change*

9 Week Afterschool Club

WHEN: Thursdays, Sept 13th – Nov 8th

TIME: 2:10-3:10pm **WHO:** K – 5th Graders

WHERE: Poinciana Elementary

COST: \$170 pp (payment plan available)

(Includes all lab fees & all Mad Science take homes)

MIN/MAX: 12/20 students

★ ★ 2 WAYS TO REGISTER ★ ★
